

SketchTM Seating

Sleek, tailored and loaded with features, Sketch is more than just a good looking chair. High-back, mid-back, task and stool models provide a full family of seating solutions from the conference room to the private office. Enjoy extra comfort with dual-density foam in the seat and a body-hugging curved back. Choose from an array of functional and aesthetic options — including a Mesh Back for breathable support with style.

Rated to 300 pounds, Sketch seating has what it takes to perform beautifully for every work environment at a price that will make you smile.
